Yasaman Forouzesh

Full Stack Web Developer

Encino, CA • (818) 213-3350

yasamanforouzesh93@gmail.com • Linkedin • Github

I am a full stack developer who is creative and a quick problem solver. My strong communication skills were developed as a computer science tutor, and I believe in the value of teamwork to find solutions quickly and to complete projects on time. The difficulty of a challenge inspires me to find the best solutions. I love errors and obstacles because of the energy and satisfaction I feel when I solve them.

SKILLS

JavaScript, HTML, CSS, Python, TypeScript, Java, C++, React, Node.js, Express.js, Bootstrap, PostgresQL, Sequelize, MongoDb, RESTFul Routing JSON

PROJECTS

Pong Game | JavaScript, HTML,CSS   12/2020-01/2021

This is a pong that allows the user to move the board to catch the ball. The game shows the score and shows the winner and loser. The was designed on canvas. It was used as a flex box and grade to design the whole game.

Movies Website | Node.js, CSS, Sequelize, HTMl, Express, Axios   12/2020-01/2021

A website where users have a personal account and profile to keep track of their favorite movies and see the comments or write the comments.
